Meeting begins at 2:32pm PST

1-26-10 Meeting meetings: Linda moves last months minutes be approved. Ashley seconds.

Budget Proposal:

Lori shared building budget proposal for 2010-11 to be reviewed by team.
Discussion on supplementing money for specific needs such as Kid Biz.
Budget should read “K-2 and 3-5”
Rental money is spent on copy machine.

Budget Forum

Wed. Feb 24th

Three members from our team going to represent Howard: Suzy, Ashley and Jeff

Professional Development Priorities for 2010-2011 based on draft SIP:

We do not have the master calendar yet, however the goal is to consider prioritizing which PD’s we will want to schedule during the 2010-11 school year.

- Linda would like to see more training in math, specifically in assessment.
- One day for Math.
- One day needs to be Technology (maybe Apple)
- One day needs to be Reading, using progress monitoring data to design interventions for students.
- Math common adoption should be a focus for next year when creating Tier scheduling.
- Progress monitoring would be important for Math, if possible for next year.

PD on 3/12:

Ideas about how to share out Howard’s 3 year action plan.

Possibly breaking up team to share out during staff meeting.

Randomly assign people to small groups for each of the 5 areas to review the SIP actions then report out to the rest of the Staff.

Literacy-Ashley
